4-Piece Collection

32oz Cleansing Conditioner

Your choice of 32oz Cleansing Conditioner in Sweet Almond Mint,Tea Tree, Fig, Lavender, Pomegranate or Bamboo Green Tea.

WEN® Cleansing Conditioner eliminates the use of lather, detergents, stripping agents and

harsh chemicals, replacing them with natural essential oils, botanicals and extracts to cleanse gently. WEN® Cleansing Conditioners replace shampoo, conditioner, deep conditioner, detangler, leave-in conditioner and shave cream.

Tips from Chaz - Always cleanse, rinse and repeat for maximum results. Use half of the recommended pumps for the first cleanse, and the remaining half of the recommended pumps for the second cleanse. Then rinse thoroughly.

As a leave in treatment after you've cleansed, apply a pea sized to a dime sized amount to soaking wet hair starting at the back midshaft to ends and working your way to the front as a leave-in conditioner prior to towel blotting.

For heat protection and frizz control, always use WEN® Styling Creme after you apply your leave-in conditioner.

To protect color, always rinse with cool water. This will help prevent your color from becoming dull and faded.

6oz Volumizing Treatment Spray

Our unique formula will help to provide volume and lasting body. Transforming dull, fine, flat, lifeless hair into luxurious, nourished, healthy-looking, shiny hair.

Tips from Chaz - Get amazing volume! Simply spray it on roots while hair is still wet, prior to styling.

Use as a finishing spray for touchable hold. Mist your dry, styled hair lightly from 10 inches away.

2oz ReMoist Hydrating Mask

This signature treatment is designed to help rejuvenate and rehydrate dry, damaged, lifeless, color-treated hair. It helps to improve lackluster hair, giving it the ultimate moisturizing treatment, using the perfect blend of natural and botanical extracts to restore hair to a much healthier-looking state.

Tip from Chaz - Sleep on it! While the Re-Moist will provide great results in as little as 45 minutes, for maximum results, sleep with it on and rinse thoroughly in the morning.

A little goes a long way. Average hair lengths only need a teaspoon. Longer, thicker hair types should use a tablespoon.

Add it to your leave-in conditioner! For superior conditioning, try adding a pea sized amount to your leave-in conditioner after cleansing.

6oz Styling Creme

A virtually weightless formula that acts as a heat protectant, frizz fighter and shine booster all in one.

Tips from Chaz - Keep it in your shower!
You'll get the best results applying Styling
Creme to soaking wet hair prior to towel
drying.

Don't blow dry without it. Even low heat can be damaging to hair. So never use a heated tool without it.
